

FRANKLIN ELEMENTARY SCHOOL ENRICHMENT CHESS PROGRAM

Wednesday luncheon – 11:15am-12:15pm – in the Library

Chess enhances educational learning through the skills it teaches. The magical game of chess is both fun and challenging to the student. We believe that **CHESS IS TO THE MIND AS EXERCISE IS TO THE BODY** and a wonderful way to begin the day.

Differentiated instruction occurs and nonverbal thinking skills continue to be developed. Your student will benefit from the important **life skills chess teaches—analytical thinking, decision making, coping, patience, focus and concentration, responsibility for choices** and so much more. As we continue to move towards an informational driven society, the skills your student learns through the game of chess will serve them well in everything they strive to accomplish. Chess-Ed. will provide this **positive and enriching program.**

WINTER SESSION FEE IS DUE BY MON. 11/16/15.

Session Dates: 11/18, 12/2, 12/9, 12/16, 1/6, 1/13, 1/20, 1/27.

(8 classes/\$80.00)
